

Ravana Aviation Academy

Moscow Aviation Institute's authorised representative in
Sri Lanka

Study in Moscow Aviation Institute (National Research University)

We present you the opportunity to study Aeronautical/
Aerospace engineering in a world class university in the
heart of Russia.

**A world renown Russian Engineering degree programs are
cheaper than studying in any other English countries.**

We offer : Pre-University foundation programs, Aircraft Engineering,
Spacecraft Engineering, Control Systems Engineering and Propulsion
Engineering programs in English and in Russian mediums.

While studying explore the greatest Aviation sites in Moscow - Russian Air
Force museum, museum of Cosmonauts and many Air Shows performed
by Elite Aerobatic Pilots!

RAA Offer : Introduction to Aviation & Engineering Familiarization Course.
